

## Python Backend Developer

Name: Riya Agarwal

---

### SUMMARY

Python Backend Developer with experience in **Python, Flask or Django, REST APIs, SQL, PostgreSQL, Git, and GitHub**. Experienced in **developing backend services, integrating APIs, optimizing performance, and working with frontend teams**. Familiar with **Docker, AWS basics, and microservices architecture**.

---

### SKILLS

Python, Flask, Django, REST APIs, SQL, PostgreSQL, Git, GitHub, Docker, AWS basics, Microservices architecture

---

### EXPERIENCE

#### Python Backend Developer

##### ABC Tech Solutions | 2023 – Present

- Developed backend services using **Python, Flask, and Django**
  - Built scalable web applications using backend development technologies
  - Integrated **REST APIs** with frontend applications
  - Optimized performance of backend services
  - Worked with **SQL and PostgreSQL databases**
  - Used **Git and GitHub for version control**
  - Worked with **Docker for deployment of applications**
  - Applied **AWS basics for backend deployment**
  - Worked on **microservices architecture projects**
  - Collaborated with frontend teams for API integration
-

## PROJECTS

### Backend Service System

- Developed using **Python, Flask, REST APIs**
  - Implemented **API integration with frontend systems**
  - Used **PostgreSQL and SQL for database management**
  - Improved backend performance through optimization
- 

## EDUCATION

Bachelor of Computer Science  
XYZ University | 2020 – 2023
